## INTRODUCTION

---

With the introduction of this travel guide in 1936, it has been our idea to give the Negro traveler information that will keep him from running into difficulties, embarrassments and to make his trips more enjoyable.

The Jewish press has long published information about places that are restricted and there are numerous publications that give the gentile whites all kinds of information. But during these long years of discrimination, before 1936 other guides have been published for the Negro, some are still published, but the majority have gone out of business for various reasons.

In 1936 the Green Book was only a local publication for Metropolitan New York, the response for copies was so great it was turned into a national issue in 1937 to cover the United States. This guide while lacking in many respects was accepted by thousands of travelers. Through the courtesy of the United States Travel Bureau of which Mr. Chas. A. R. McDowell was the collaborator on Negro Affairs, more valuable information was secured. With the two working together, this guide contained the best ideas for the Negro traveler. Year after year it grew until 1941 "PM" one of New York's great white newspapers found out about it. Wrote an article about the guide and praised it highly. At the present time the guide contains 80 pages and lists nu-

merous business places, including whites which cater to the Negro trade.

There are thousands of first class business places that we don't know about and can't list, which would be glad to serve the traveler, but it is hard to secure listings of these places since we can't secure enough agents to send us the information. Each year before we go to press the new information is included in the new edition.

When you are traveling please mention the Green Book, in order that they might know how you found their place of business, as they can see that you are strangers. If they haven't heard about this guide, ask them to get in touch with us so that we might list their place.

If this guide has proved useful to you on your trips, let us know. If not, tell us also as we appreciate your criticisms and ideas in the improvement of this guide from which you benefit.

There will be a day sometime in the near future when this guide will not have to be published. That is when we as a race will have equal opportunities and privileges in the United States. It will be a great day for us to suspend this publication for then we can go wherever we please, and without embarrassment. But until that time comes we shall continue to publish this information for your convenience each year.

## "MAKE TRAVELLING A REAL PLEASURE"

SEE —

Denver, Colorado — the scenic "City of Churches". Partially encircled by the beautiful and dramatic Rocky Mountains, Mt. Evans to the west; Longs Peak and Rocky Mountain National Park to the north; while to the south, Pikes Peak holds its snow-capped crest above the clouds. The Capitol Building dominates the city and the Valley of Platte. From the tower, beneath a golden dome, visitors may view the panorama of a great city whose parks stretch into the distance for miles. Mesa Verde National Park, Denver's state museum, facing the state house, has one of the most complete collections of artifacts of Pueblo culture in the nation. The Indian collection is exhibited mainly in the Central room, depicting Indian life in minute detail. The Park of the Red Rocks, an amphitheatre, seating 10,000, is one of Denver's most outstanding mountain parks. Another interesting and picturesque spot is the old Mining

Camp of Central City, famous for its annual Play Festival, held three weeks each summer in its historic old opera house. (Central City was the center of what was once declared the "richest square mile on earth.")

Visitors from everywhere make use of the scenic trails and highways leading from Denver into the surrounding regions of unsurpassed scenery and recreation.

Colorado's "mile-high city" extends the "Arms of Welcome" to all visitors.

LOOKING ACROSS DENVER'S FAMOUS CIVIC CENTER, WITH THE CITY HALL IN THE BACKGROUND. IN THE DISTANCE IS THE CONTINENTAL DIVIDE OF THE ROCKY MOUNTAINS, WITH MT. EVANS, 14,260 FEET, THE SUMMIT OF WHICH IS REACHED BY THE HIGHEST AUTOMOBILE ROAD ON THE CONTINENT, DOMINATING THE SCENE

## "ATLANTIC CITY" —

Our Nation's most famous resort city boasts a boardwalk which parallels the ocean for eight miles, on which the visitor will find shops representing the best of this country and abroad, providing anything from antique furniture to rare jewelry. Rolling chairs can be obtained, making it easier for the visitor to traverse the entire length of the boardwalk. Convention Hall, the world's largest (seating capacity 41,000) is the arena for all forms of entertainment. Bathing and the sea air are the city's main attractions. This is a year 'round resort.

## CARLSBAD CAVERNS

National Park, New Mexico —

Open all year.

One of the most superb areas included in the National Park system of the United States is a series of Caverns of unusual magnificence, located in southeastern New Mexico in the foothills of the Guadalupe Mountains. This is picturesque semi-desert area, and its vegetation is of much interest to visitors. The Carlsbad Caverns are openings made by underground water in two massive rock formations, referred to as the Carlsbad and Capitan limestones. The uplifting movements that formed the Rocky Mountains also raised the Carlsbad area above sea level, approximately 200 million years ago. Over a period of years, many chambers have been formed as the result of the constant seepage of water. The most interesting thus far is the King's Palace, Queen's Chamber and Papoose Room, 829 feet below the surface. The developed portion of the Caverns only is open to the public. The bat spectacle is one of the outstanding attractions of the Caverns. Each evening at dusk, except for the migration

period, millions of bats come forth from the bat cave 180 feet below the surface to fly forth, returning before the following dawn. A talk on the bats by a naturalist is given each evening before the flight begins. The region of the Carlsbad Caverns contains many interesting desert plants, some of which bloom for only a very short period leaving no trace of ever having existed. It is advisable to carry a wrap as the temperature in the Caverns remains the same 56° throughout the year. However no special clothing is necessary. Luncheon may be obtained for a moderate price, and a special day nursery service is provided near the Caverns entrance. The Caverns may be reached by train, bus or taxi. Walnut Canyon Highway leads to the Canyon. One day is needed for the tour.

## BOSTON —

The city that offers so much of interest to those who visit, for here you find history preserved in the natural settings and surroundings. Its Beacon Hill, with its cobblestoned, aristocratic Lonisburg Square, its famous State House, and its Charles Street, where the antique shops can be found—and there are the colorful Public Gardens with their perennial "Swan Boats"—and the Christian Science "Mother Church."

No trip to Boston would be complete until the picturesque T. Wharf is visited, with its quaint artists' studios and the sea food restaurants that overlook the busy harbor and colorful fishing craft.

Up-town Boston boasts the beautiful Fenway with its Rose Gardens and the world-renowned Boston museum. One of the foremost cities of America touching Boston proper is Cambridge, the seat of the famous Institute of Technology and Harvard University, with their numerous libraries and museums. Here also are the famous edifices of Radcliffe College, Christ Church, Mt. Auburn—"The Cemetery of Poets"—containing the graves of Henry Wadsworth Longfellow, Oliver Wendell Holmes, Philips Brooks and Mary Baker Eddy.

Other places of interest touching Boston are Lexington, Concord — famous for the historic ride of Paul Revere and the Minute Men. The "First Town of America"—Plymouth, where the famous Plymouth Rock can be seen. Duxburg, where the statue of Miles Standish stands atop Captains' Hill, and the house where John Alden took Priscilla as his bride. Gloucester is the true New England fishing village, with its traditional fishing nets hanging over the wharves, and where is the bronze

STATUE OF PAUL REVERE

STATE HOUSE

statue dedicated to "those who go down to the sea in ships."

These little villages and towns can be reached conveniently by bus or motor. A few days spent covering these areas should be time well spent and most enlightening.

### NIAGARA FALLS —

New York State's greatest natural attraction for honeymooning couples and other visitors, offers also the great American and Horseshoe Falls, the upper and lower Rapids, the Whirlpool, the Great Gorge and Honeymoon Bridge.

Fort Niagara, built by the French to prevent the control of the "gateway to the west" by the English, is open to visitors. Adjacent to the great Falls is the city of Niagara Falls, center of the world's electro-chemical and electro-metallurgical industries. The city has fine recreational facilities. Nearest cities

—Buffalo and Chautauqa, which is famous for its symphony concerts and cultural movements and summer schools.

## NEW ORLEANS —

The city of many traditions and stories is especially famous for its Mardi Gras festivities, and is flooded yearly by visitors from every direction, including natives of New Orleans who return for this exciting festival time.

This great city offers all forms of entertainment, from horse racing to dancing. Its historic French Quarter is of the greatest interest to tourists, mainly because of the authentic buildings and the tales associated with them. It boasts also of having been the birthplace of jazz—and nightly jazz concerts can be heard. The food in the French restaurants is excellent. Festival time (the Mardi Gras) usually starts about the middle of December—through February. Tourists rates during this period are a bit higher.

A trip to New Orleans during any season of the year should be both interesting and entertaining.

## MT. RANIER NAT. PARK —

"The Mountain Glacier Wonderland of America" is located in Central Western Washington, and can be reached by way of Tacoma and Seattle.

This veritable "Wonderland" offers you the many panoramas of Mt. Ranier National Park from the most scenic points. Miles of trail through flower fields and timber lead past waterfalls, lakes and timberline.

Beautiful Mt. Ranier, an extinct volcano, rises majestically 14,408 feet above sea level. It is the highest per-

petually ice-clad peak, and has the largest single system of glaciers in the United States, 26 in all.

There are 34 waterfalls, 62 lakes and several hundred species of flowering plants. Here the visitor will find various forms of amusement—hiking and mountain climbing, saddle horse riding, skiing and fishing.

Naturalist conducted tours will assure you of seeing the special points of scenic interest.

Hotels, lodges and camp grounds are provided for the comfort and entertainment of the visitors.

# Studebaker Cars

Studebaker, the car that set the post-war styling pace for the automobile industry, has done it again.

Details of the company's line of 1950 model passenger cars were disclosed today by H. S. Vance, chairman of the board and president, with a prediction that this latest Studebaker will be acclaimed the most distinctive looking car on the road.

In these new cars the company's designers, Raymond Loewy Associates, have achieved an automotive style pattern as revolutionary today as were the first Studebakers of postwar design three years ago. A complete change in frontal appearance and fender treatment gives the 1950 models sleek, new lines which make them appear in motion even when they're standing still.

Both ride and handling ease have been considerably bettered by engineering innovations complementing the use of an improved self-stabilizing coil spring front suspension.

The front of the 1950 Studebaker is particularly striking. It embodies an airplane fuselage-type hood, flanked by air-foil front fenders and set off by a chrome "spinner." In addition to providing an ornamental touch, the "spinner" augments four frontal openings which direct air to the engine for maximum cooling. The largest of these air passages consists of two oval-shaped honeycomb grille scoops located below the two smaller air channels which flank the "spinner." Chrome moldings over these small twin channels contribute to the unusual decorative effect.

FRONT END DESIGN OF THE NEW 1950 STUDEBAKER MODELS IS PARTICULARLY STRIKING. THE "SPINNER," IN ADDITION TO PROVIDING A HANDSOME ORNAMENTAL TOUCH, AUGMENTS FOUR FRONTAL OPENINGS WHICH DIRECT AIR TO THE ENGINE. THE LARGEST OF THESE AIR PASSAGES CONSISTS OF TWO OVAL-SHAPED HONEYCOMB GRILLE SCOOPS LOCATED BELOW TWO SMALLER AIR CHANNELS WHICH FLANK THE "SPINNER."

In harmony with a styling that expresses power, speed and sleekness are the heavy wrap-around bumpers. In front they are held by supports enclosed within tubular housings which are painted to match the automobile.

In keeping with the new speed lines are the redesigned rear fenders, also air-foil type, and the large vertical tail lights which fit into the trailing edge of the fenders. Both front and rear fenders are the bolt-on type.

The wheel bases of all 1950 Studebaker models have been increased by one inch: Champion, 113 inches; Commander, 120 inches; Land Cruiser, 124 inches. Overall lengths of the cars are: Champion, 197 $\frac{1}{4}$  inches; Commander 207 $\frac{7}{8}$  inches; and Land Cruiser, 211 $\frac{7}{8}$  inches.

Instrument panels are located about four inches farther forward than previously, thus providing additional space in the front compartment. Gauges are grouped directly in front of the driver so that they can be checked at a glance.

In these new models the company continues its flair for luxurious upholstery and generous use of leatherette trim. Because of the popularity of nylon, first used by Studebaker in the

Land Cruiser, and because of its proved durability, the company is introducing it in all Regal Deluxe models of the Commander series and in two patterns on both the Champion and Commander convertibles. Leather upholstery is optional on the convertibles at no extra charge. Foam rubber cushions are standard equipment in all models with the exception of the lower priced Deluxe Champion.

An unusual feature of the Studebaker coil spring front suspension lies in the fact that both upper and lower control arms are pivoted so that they rake to the rear about 15 degrees. This has the effect of cushioning the ride on rough roads since the front wheels tend to "travel away" from a bump as the car is driven over it. Rubber insulation is used at the top and bottom of each coil spring. Shock absorbers on the Champion are the direct-acting tubular type while the Commander utilizes the double-acting link-and-lever variety.

THE POPULAR STUDEBAKER STARLIGHT FIVE-PASSENGER COMMANDER COUPE TAKES ON A NEW SLEEKNESS AS A RESULT OF THE COMPANY'S 1950 DESIGN ADVANCES. A LUXURY RIDE IS ENHANCED BY LUXURIOUS INTERIOR APPOINTMENTS WHICH INCLUDE THE USE OF NYLON UPHOLSTERY IN ALL REGAL DELUXE COMMANDERS. HORSEPOWER OF THE COMMANDER ENGINE HAS BEEN INCREASED TO 102.

Engines in both the Champion and Commander have a new compression ratio of 7.0 to 1, and for high altitudes only, a ratio of 7.5 to 1 is available. Commander engine horsepower has been increased to 102 at 3,200 revolutions per minute while the Champion has been raised to 85 horsepower at 4,000 revolutions per minute.

All models have a simplified symmetrical steering linkage, with definite center-point linkage on the Commander and Land Cruiser. Commander tire size has been increased to 7.60 x 15. The Champion is equipped with four-ply 6.40 x 15 tires. All tires are the extra low pressure type.
