# Wiki Fundi

Editing Wikipedia Offline

Wiki **Fundi**

WikiFundi is ...

... the offline editing environment that mimics the experience of editing Wikipedia to navigate context-specific challenges, and encourages a bridging experience and space for training, creation and collaboration.

Each dot represents a geotagged article on WikiData

Note: Percentages based on total sample.

What currently is on Wikipedia

More edits originate from Hong Kong each quarter than do from the entire continent of Africa over the same period.

There are, on average, 100 times more geotagged articles on France than in Africa.

Why it matters what is on Wikipedia

When looking on the internet, what do the ½ billion people across Africa below the age of 18 see about themselves? …. very little.
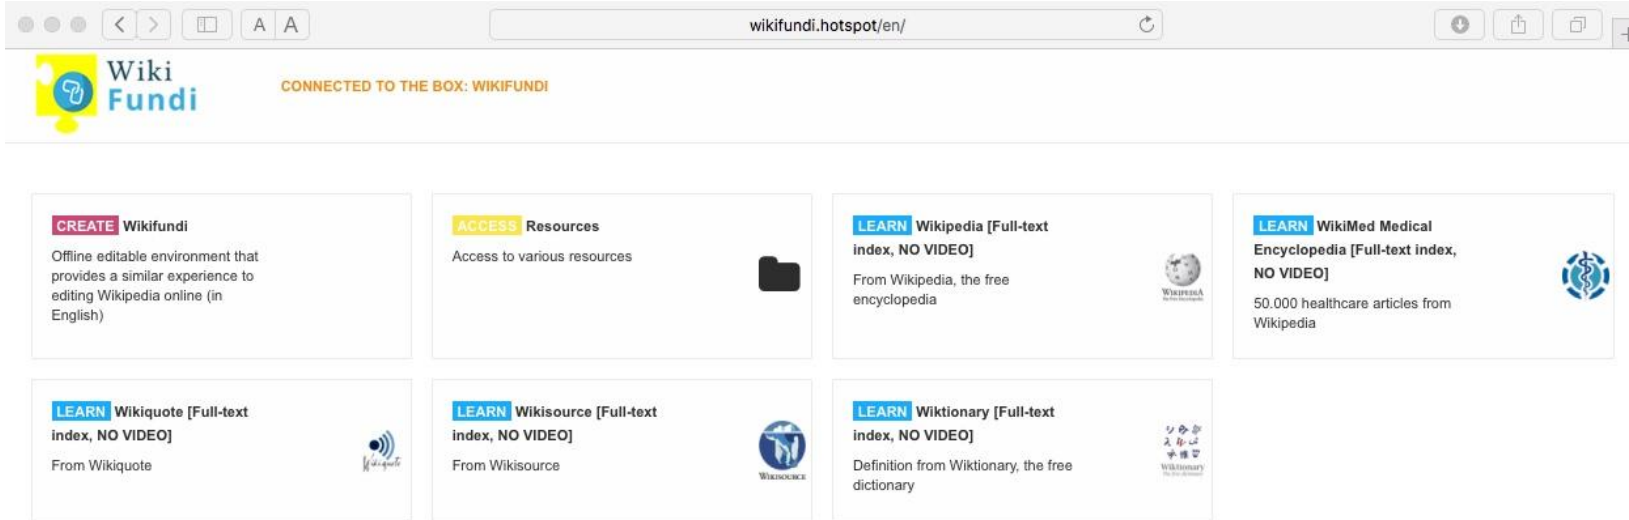

WikiFundi ...

How WikiFundi gets Africa's knowledge onto Wikipedia

- Build a culture of contribution to the internet
- Move beyond the challenges to access
- Teach users how to:
  - *Research thoroughly and understand the importance of citable sources*
  - *Analyse outcomes*
  - *Learn about copyright and plagiarism*
  - *Collaborate*
  - *Write real articles in an encyclopedic style for a global audience*
  - *Develop the technical and editorial skills to add content on local subjects to Wikipedia*
  - *Know that their knowledge is valuable and valued.*

Who is involved?

WikiFundi was conceptualised by *Wiki In Africa*'s Florence Devouard and Isla Haddow-Flood.

It was implemented by Florence and several community members, in collaboration with *Wikimedia CH, Kiwix* and *Ynternet.org*.

WikiFundi is a *Wiki In Africa* project supported by the *Orange Foundation and the Wikimedia Foundation*.

Wiki In Africa initiates projects in support of the **WikiAfrica** movement.

Thank you!
