

Finish the Job! Smash the Machine!

COURTNEY for MAYOR

Chicago
Needs
a Change

Elect
Courtney
Mayor

Thomas J. Courtney, Democratic Candidate. Primary Day, February 28th

State's Attorney Courtney represents the Same Principle of Democracy and Clean Government for which Gov. Horner Stands and Fought for in 1938 when he said:

"With State's Attorney Courtney I am engaged in a contest against forces which I believe to be inimical to the interests of Good Government in our city and state.

"In all of our efforts for the people we have been consistently fought by the Bosses now in control of the Democratic organization of Cook County. This control has extended to the Legislature of our state where puppets of these bosses in the Senate and House have fought practically every bill that favored the interests of the people, and introduced and supported measures against those interests such as the pernicious handbook gambling bill which would have become a law if it had not been vetoed by me."

HENRY HORNER Governor
